FAHNAGE - THE ERP SOFTWARE

FAHNAGE IS A PRIMITIVE SOFTWARE SOLUTION TO MANAGE EDUCATIONAL INSTITUTIONS. FAHNAGE IS A CUSTOMIZED VERSION OF FEDENA, A SOFTWARE WHICH IS IMPLEMENTED IN OVER 40,000 SCHOOLS.

There are hundreds of other ERP software available, but what makes us different?

Why use our software?

- Developed by experts - Most of the management software is developed by amateur developers who charge a money bomb and disappear but Fahnage is carefully designed and molded by industry experts to meet every small requirement of the institutions.
- Provides a bird's eye view to the management - Sms and email updates about finance and campus administration to the campus admin on a daily basis
- Easy to use - Fahnage provides a great user interface and user experience. Anyone with basic computer knowledge can start using it in under 10 Minutes.
- Customizable - Fahnage is built on a plugin architecture, this architecture allows the software to be customized according to the need of your institution.
- No up-front investment on server's - Fahnage runs on private cloud hosted and run by us, hence all the data protection, back-up and server maintenance are on us.
